

A New Journey

HAPPY NEW YEAR

8 January 2020

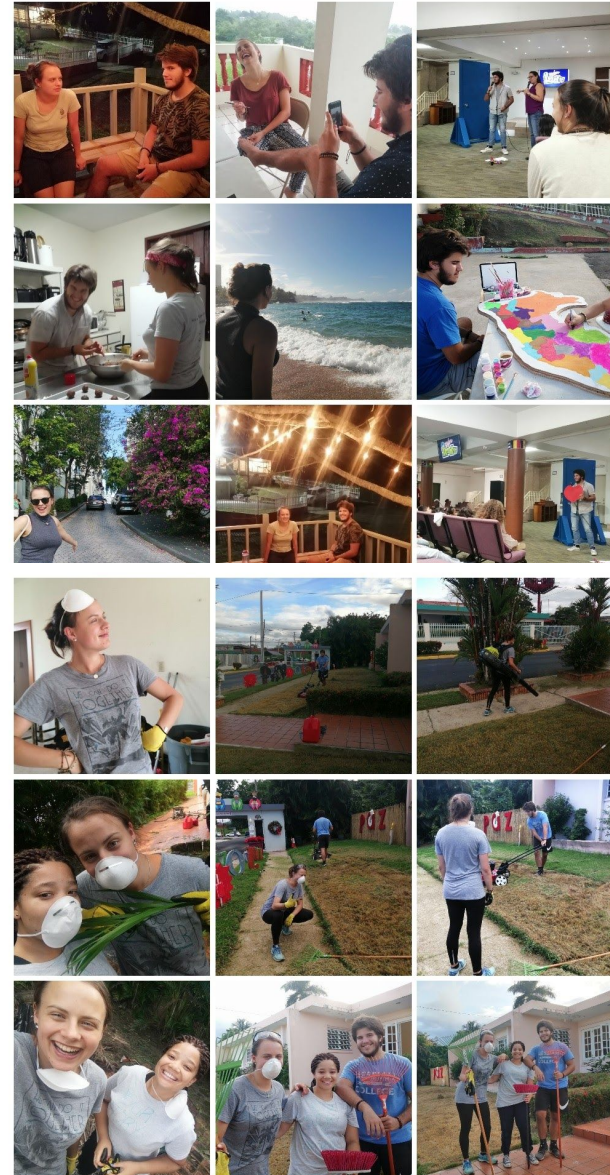

We have been in Puerto Rico for 2 weeks now. I am still amazed at God's faithfulness - how he made it possible for us to actually get to Puerto Rico. God is so faithful and really honours his word.

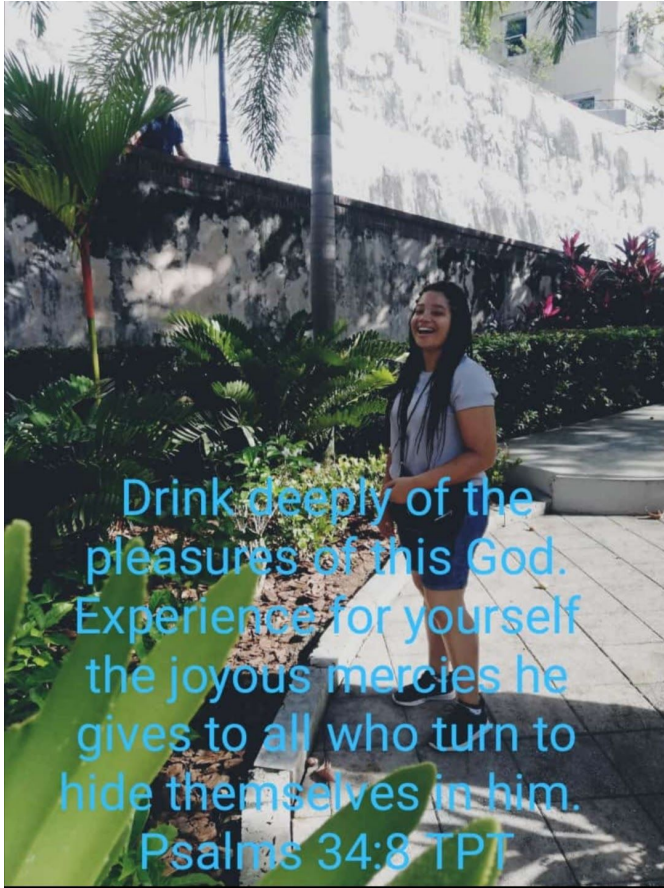

For the last 2 weeks we have been doing some street Evangelism and a lot of practical ministry. We have done yard work for some families, served others by helping them clean their houses. It has been amazing to see God working through us. All we need to do is be his willing hands and feet.

GOD IS INTENTIONAL!

We had been here for almost a week when we were warned that there would be earthquakes. Just a few days later the island experienced its first earthquake down in the south. We are at the North of the island, therefore we weren't affected by the earthquakes.

God has called us to Puerto Rico for a time such as this. It is not coincidental that God spoke so clearly to all of us about coming to Puerto Rico and then a week into our stay the island experiences earthquakes. Please pray with us as we try to help the people affected by the earthquakes.

So many people have lost their homes and are sleeping outside. A lot of them need just basic necessities.

After the first earthquake we have really been praying and asking God how we could help the people affected by the earthquakes. We now have the go ahead to go to the south of the island to help the people.

Most of what we will be doing is helping to provide people with basic necessities. We will also be going as beacons of light and hope. A lot of the people are still scared and emotionally distraught. We are going so we can be the hands and feet of Jesus.

Please pray about giving financially. Any donation you could give would be appreciated so we could help as many people as possible.

Happy New Year! I pray God bless you more than abundantly this year and that he would make his face shine on you.
