

Discovering God

Wow, so much has happened since DTS started! I've witnessed God's faithfulness and His provision - my lectures fees (R13,650) are paid!

We are already on week 9 of the lecture phase with only 3 weeks left until outreach. All the lectures have been so incredible and the topics that we've covered have been tremendously interesting! I can definitely see how it's growing me.

Honestly, at first I felt a bit out of place because everyone has these amazing testimonies and God has taken some of them out of very dark places. A lot of my fellow students came with so much brokenness and I found it very hard to relate because I come from a very secure background. But God is busy building my character, preparing me for whatever he has in store next.

I've been constantly reminded of Jeremiah 29:13, urging me to seek God with all my heart. This is really a time where God is drawing me closer than ever before. I'm getting to know Him as a best friend, a companion and it is such a beautiful journey.

God has been blessing me with so much supernatural peace and joy.

I am still trusting God for my outreach fees which is R12,000. Please pray with me and if God lays it on your heart to support me on this journey financially I would really appreciate it.
